8. OIT personnel briefed the Director of Training and Education on the progress and status of the Training and Education Automated Management System (TEAMS) development project. So far, a new database for the Career Trainee Division has been completed and implemented, and OTE is pleased with the product. A request by OIT for additional funding to continue the TEAMS project was approved. [redacted]

25X1

9. OIT has published the first issue of OIT Directions. The new quarterly publication is intended to inform OIT customers about new information technology developments that are underway, as well as others that are in the planning stages. The first issue has been printed [redacted] and is being distributed. [redacted]
